TUBE-LINED TILES – Tube-lining is a method of decorating glazed tiles developed by the tile makers of late Victorian England. It requires a high degree of skill, as the outline of each design is piped on to each individual tile. Different coloured translucent glazes are then applied – again by hand – to the separate areas of the design to create miniature works of art.

Tiles: 100 x 100mm (4" x 4")
Borders: 200 x 75mm (8" x 3")
12-tile Panel: 310 x 415mm (12 1/4" x 16 1/2") varies with grout width.
